# Playing venues

Qualified for competitions in 2023

Qualified for competitions in 2024

All the playing venues have been certified by the league on these criteria:

- **Quality of the internet connection** (Upload 5Mbps, Download > 500Kbps, Latency < 100ms)
- **Possibility of video monitoring**

Considering the surface and adequacy of the place, the playing venues are certified for:

- **a number of players** (may be different for standard and rapid/blitz chess)
- **a number of arbiters** (at least 1 LCA + 1LTA, up to 1 LCA + 2 TLA, depending on the room configuration and the number of players).

The experimentations and the competitions qualified for FIDE ratings in 2023 gave us a strong experience on the Tornelo playing zone, the competition timelines, the equipment needed by the arbiters, the control to apply to devices, ... and led us to develop a few software packages, for example to automatically set default ratings to unrated players and get realistic pairings (this feature is still missing in Tornelo).
